New Fairground, New Success Stories!

ISK-Sodex 2023 New Layout (IFM – Product Categories)

WHY EXHIBIT?

WHY EXHIBIT?

Opportunity to Reach Buyers Worldwide:

ISK-SODEX is the largest HVAC&R exhibition in the Eurasia region. Being 2-3 hours flight distance to European and Middle Eastern countries, the exhibition offers a great variety and business volume for its exhibitors.

Production Base of the HVAC&R Sector, “Türkiye”:

Closing 2021 with 6,2 billion USD export number, the Turkish Air Conditioning sector, thanks to its strong manufacturers, reached 3,3 billion USD export in the first 6 months of 2022.

Exclusive Business Contacts:

Establish new international business contacts thanks to the intensive support from the Turkish HVAC&R Exporters' Association (ISİB) and other sectoral foundations and associations; the Buyer Mission Program carried out by the Ministry of Trade will offer ultimate opportunities.

Sectors Agenda:

Get to know your local and international stakeholders from the HVAC&R industry, collect market information, and come together with national and international professional visitors to strengthen your position in the market while following the sectoral agenda of the HVAC&R sector.

Co-Organizers / Supporting Associations
